Tri Radial Racing Headsail

The most advanced panelled racing sails

North's panelled race mainsails are designed using the same sophisticated 3D design software used to create our dominant 3DL™ sails. The result is a panelled sail that will hold its designed "flying shape" over a remarkably broad wind range. To you, it means sails that are not only faster, but easier to trim.

Exclusive features:

- ▶ TearDrop™ corner patches for optimum load distribution in the sail
- ▶ Spectra leech cords
- ▶ Webbing loop in head
- ▶ Stainless steel ring in tack and clew
- ▶ 3 draft stripes
- ▶ Sail numbers
- ▶ Teltale window
- ▶ Spreader patches
- ▶ Stanchion patches
- ▶ Foot or J Length Bag

Extras:

- ▶ Snap shackle in tack
- ▶ Printed logo
- ▶ Roller-Furler system

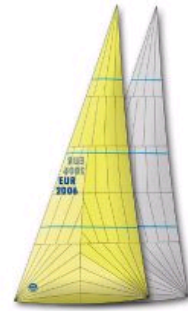

IMS/IRC Measurement:

- ▶ Price: £25.

Material:

- ▶ Kevlar Scrim
- ▶ Kevlar Taffeta
- ▶ Pentex Scrim
- ▶ Pentex Taffeta
